

TERM 2

10 June 2015

NO 9

Dear Parents,

Semester 1 Reports

Semester 1 Reports for all grades will be sent home on Friday 12th June. At St. John Vianney's Parish School we have developed high expectations for our students' learning. When you receive your child's report, remember to refer to the explanation of achievement levels that describe your child's level of success in each Key Learning Area. Also remember to pay attention to your child's effort and work habits. You might like to keep the following four tips:

- 1. Look for strengths first.** Focus on strengths even if they are not in the traditional 3Rs or core subjects.
- 2. Take into account your child's effort and attitude to learning.** If the report indicates that effort needs attention, then they have something to work on. If your child is putting in the required effort, speak to your child about how pleasing this is and how it has a positive impact on their learning.
- 3. Broaden your focus to form a picture of your child's progress as a member of a social setting.** How your child gets along with his or her peers will influence their happiness and well-being, as well as give an indicator to his/her future.
- 4. Discuss the report with your son or daughter talking about strengths first before looking at areas that need improvement.** Ask for their opinion about how they performed and discuss their concerns.

Parent/Teacher Conferences

During Weeks 9 & 10 you will have the opportunity to meet with your child's teacher to discuss their Semester 1 learning.

Students from Years 3 to 6 are encouraged to attend the Parent/Teacher Conference so they can be a part of the discussion around their learning.

Points that may be discussed at the interview:

- Your child's Semester 1 Report
- Work samples
- Your child's work habits and social development
- Attitude and effort

SEMESTER 1 REPORTS AND PARENT/TEACHER CONFERENCES

On Friday 12th June the students will receive their Semester 1 Report. The report is a reflection of your child's learning, social development and work habits for the first semester.

Students from **Years 1 – 6** will receive an achievement level in each Key Learning Area based on a five point graded scale using the letters LA, BA, SA, HA and OA. Students in **Kindergarten** will receive an achievement level based on the scale; Needs Developing, Developing, Progressing Well and Competent.

A great deal of time and consideration is put into awarding grades for each student. Grades are allocated based on a number of variables such as student work samples, assessment tasks, observations and class work. Please keep in mind that your child's grades may have varied from previous years, especially if they have moved into a new stage this year. Below is an outline describing each of the five achievement levels.

LA Limited Achievement

The student has an elementary knowledge and understanding in few area of the content and has achieved very limited competence in some of the processes and skills.

BA Basic Achievement

The student has a basic knowledge and understanding of the content and has achieved a limited level of competence in the processes and skills.

SA Sound Achievement

The student has a sound knowledge and understanding of the main areas of content and has achieved an adequate level of competence in the processes and skills.

HA High Achievement

The student has a thorough knowledge and understanding of the content and a high level of competence in the processes and skills. In addition, the student is able to apply this knowledge and these skills to most situations.

OA Outstanding Achievement

The student has an extensive knowledge and understanding of the content and can readily apply this knowledge. In addition, the student has achieved a very high level of competence in the processes and skills and can apply these skills to new situations.

It is important to remember that the **majority of students** are expected to be awarded an achievement level of **SA (Sound Achievement)** which indicates they are achieving the expected outcomes.

To put the five point graded achievement level scale into perspective it may be helpful to look at the analogy below for driving a car. Where would you fit on the scale?

LA	BA	SA	HA	OA
<p>A person on 'L' plates, must always be accompanied by an experienced driver.</p> 	<p>A person on 'P' plates, drives independently but still learning.</p> 	<p>Full drivers licence, like most of us!</p> 	<p>Advanced driver training with extra skills.</p> 	<p>Grand Prix racer!</p> 

The Semester 1 Report is one indication of your child's progress and the parent/teacher conference in weeks 9 and 10 will give you a deeper insight into their strengths and area for development. Students from Years 3 – 6 are encouraged to attend the parent/teacher conference so they can directly hear praise for their achievements and challenges for the second semester.

During the year your child may be taught and assessed by a number of different teachers who take their class for different Key Learning Areas while their class teacher is on release from face to face teaching or Leadership Team release. Please refer to the table below to see who is teaching your child other than their class teacher.

Family Reflection:

Father,
may everything we do begin with your inspiration
and continue with your saving help.
Let our work always find its origin in you
and through you reach completion.
We ask this through our Lord Jesus Christ, your Son,
who lives and reigns with you and the Holy Spirit,
one God, forever and ever.
Amen.
